1. Claims 20-38 are allowed. Claims 20, 21, 23, 25, 28, 29, 33, and 37 are independent.

2. The following is an examiner's statement of reasons for allowance:

Independent claims 20 and 33 have been amended to further define the scanning an image between the first and second reference points to be "after detecting the first and second reference points". This limitation in combination with the claimed limitation that the first and second reference points respectively representing the first and second end points of the first side of the document, and other limitations of claim 20 or claim 33, is not taught by the prior art of record, including Morita et al. (JP Publication No. 07-111579).

Claims 34-36 and 38 depend on claim 33.

Independent claim 28 has been amended to include the limitation "determining whether a plurality of straight line images are detected more than a predetermined distance from the detected reference points". This limitation in combination with other limitations of claim 28 is not taught by Morita et al.

Claim 32 depend on claim 28.

Independent claims 21, 23, 25, 29, and 37 used to be dependent claims and were indicated allowable of rewritten in independent form including all of the limitations

of base claim and any intervening claims. The reasons for allowance given in the previous Office action are repeated below.

Claims 21, 23, 25, 29, and 37 each recite limitation related to "a predetermined distance" from on or two end points. This feature is not disclosed by Morita et al. (JP Publication No. 07-111579). It seems that Morita et al. detects the manuscript (size) by detecting the black and white values (see signal BLK2) and does not disclose detecting a straight line more than a predetermined distance from an end point(s).

Claims 22, 26 and 27 depend on claim 21.

Claim 24 depends on claim 23.

Claims 30 and 31 depend on claim 29.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
